

UW School of Medicine

Center for Workforce Inclusion and Healthcare System Equity (WIHSE)

UDOC

Would you like to explore a career in the health professions?

UDOC is a free 6 week program for underrepresented high school students who will complete junior year by July 1, 2025. Students will learn about programs across the health professions including: medicine, dentistry, public health, pharmacy, nursing, physical and occupational therapy and research. Students have the opportunity to participate in hands-on activities, receive mentorship and learn about a variety of health careers. Travel costs will be covered.

"Inspiring the Future of Healthcare"

Date of program: June 23-August 1, 2025
Application Available: February 3-March 17
